

## **Juma Al Kaabi**

### **Chief Executive Officer, ADASI**

Juma Al Kaabi is the Chief Executive Officer (CEO) at ADASI, an EDGE Group entity that is the regional leader in autonomous systems and services across air, land and maritime domains.

In his role, he is responsible for leading the development and implementation of ADASI's strategy, mission and overall vision to deliver world-class expertise that meet clients' evolving mission requirements, both regionally and globally.

In his previous position as Chief Technology Officer (CTO), Al Kaabi developed and managed ADASI's technology and product roadmaps, interfacing with customers and other stakeholders to ensure the organisation developed technology tailored to the future requirements of the end user. He also held the positions of Chief of Strategic Programs & Systems, and Chief Programs Officer at ADASI.

Prior to joining ADASI in 2011, Juma Al Kaabi served extensively for over two decades in the UAE Armed Forces, where he worked through several departments encompassing unmanned systems, engineering research and development contracts negotiation, programs management, technical training programs, systems evaluations and aviation maintenance.

Juma Al Kaabi holds a Master's in Business Administration from New York Institute of Technology University, UAE and a Bachelor of Science Degree in Aeronautical Engineering from Embry Riddle Aeronautical University, USA.
