

Sulaiman Al Shamsi
Chief Operations Officer, ADASI

Sulaiman Al Shamsi is the Chief Operations Officer (COO) at ADASI.

Sulaiman obtains a decade worth of experience in ADASI, managing operations, maintenance and production. In his role, Sulaiman provides managerial oversight to ensure operational targets and customer expectations are met. Furthermore, he is responsible for all Business Development and Marketing activities, fostering integral relationships and spearheading business expansion with international and domestic partners.

Prior to joining ADASI, Sulaiman spent 15 years in the UAE Armed Forces with progressive responsibility and experience in academic training, technical supply and logistics, quality control and maintenance.

Sulaiman Al Shamsi possesses a Masters in Business Administration (MBA) from UAE University, UAE and a Bachelor's in Aeronautical Engineering from St. Louis University, USA.
