RE MAYA —

DESIGNING. ENABLING. TRAINING.

In a volatile and unpredictable world, where security forces need to be ever more flexible and responsive, operational excellence is the difference between success and failure.

At REMAYA, we believe that the design, construction and operation of world class shooting ranges is the very foundation of that excellence.

EDGE

ABOUT EDGE GROUP

We live in an accelerating world. Characterised by uncharted frontiers, the future is empowered by advanced technology that is galvanising a new breed of players. At the edge of these frontiers exist no limits – where boundless opportunities await.

Transforming how we live, and ensuring a more secure future, is what we do. We are EDGE; and our mission is simple: To bring innovative technologies and services to market with greater speed and efficiency.

We will not only revolutionise the defence industry, but we will change its fundamentals. We are the vanguard of the next-generation, of a reimagined sector. We prioritise technology in a non-binary world and seek universal solutions. We work with everyone: big or small, start-up or established, local or global.

We are EDGE. We enable a secure future.

OUR CAPABILITIES

**BUILDING MILITARY
GRADE TRAINING
RANGES**

**MANAGING, OPERATING
AND MAINTAINING
MILITARY FACILITIES**

**BESPOKE DEFENCE AND
SECURITY TRAINING AND
CERTIFICATION CENTRE - RTC**

**PROVIDING TRAINING
SUPPORT EQUIPMENT -
INCLUDING WEAPONS
AND AMMUNITION**

**RANGE STAFF TRAINING
AND OFFICIAL
CERTIFICATION**

**SUPPLYING AND
INTEGRATING
TARGET SYSTEMS
AND ROBOTICS**

OUR CLIENTS —

UAE government GHQ / MOI

International Governments

NGOs

Corporations

International Organisations

OUR PURPOSE

To provide our clients with state -of- the-art live fire training facilities developed and purposly built to suit twenty first century warfare environments.

FUTURE-FOCUSED. READY FOR ACTION.

Today, as a key player in the Missiles and Weapons Cluster at EDGE, we are a global leader in creating and delivering military-grade shooting ranges and imparting live fire training for defence forces, corporations, NGOs and nations worldwide.

WHAT

WE DO —

BUILDING 21ST CENTURY MILITARY SHOOTING RANGES

We design, develop and operate custom-built live fire training ranges featuring state-of-the-art smart target technology, delivered with complete local cultural sensitivity.

REMYA TRAINING CENTRE

At our purpose-built live fire training facility, the Remaya Training Centre in Al Ain, we provide a realistic environment for our clients to train and certify their defence and security forces from around the world.

RANGE STAFF CERTIFICATION

We work in close partnership with our clients to build their teams' skills and certify them in range operation and management, all the way up to academic level.

BUILDING 21ST CENTURY MILITARY SHOOTING RANGES

Since 2009, we have been leaders in the creation and delivery of world-class military-grade shooting ranges, from design and development to management and consulting, with comprehensive solutions that enable our clients to focus on their operations.

Backed by powerful in-house capabilities, we provide a variety of complete turnkey solutions and complex systems for live fire ranges, designed and built specifically to meet the precise demands of our clients.

A close-up photograph of a person's hands holding a black handgun. The person is wearing a dark, possibly tactical, uniform. The background is blurred, showing other people in a training environment. The lighting is bright, suggesting an outdoor or well-lit indoor setting. The image is framed by a thick orange border at the top and bottom.

Today, we design and develop bespoke, custom-built live fire training centres using the latest virtual reality technologies, alongside cutting-edge live fire target systems, robotics and simulation systems.

We also manage, operate and maintain shooting ranges using state-of-the-art range management software, based on our custom-designed procedures.

OUR SERVICES —

**PROJECT
MANAGEMENT**

**RANGE AND TRAINING
AREA DESIGN AND
CONSTRUCTION**

**LIVE FIRE TARGET
SYSTEMS SUPPLY AND

RANGE MAINTENANCE

HARNESSING LEADING-EDGE TECH

As part of EDGE, we are committed to harnessing the latest advanced technologies, from smart booking systems to advanced robotics.

We use the latest, customisable range management software

We deploy smart robotics to simulate soft targets

We use the latest LOMAH – ‘Location of Miss and Hit’ – technology to improve learnings and enhance accuracy

REMAYA TRAINING CENTRE

Our purpose-built facility, the REMAYA Training Centre, enables us to provide a highly realistic training environment to the world's leading defence and security clients.

Our dedicated and highly secure 1.3km² training area includes four shooting ranges, three classrooms, a paved driving track and an off-road driving zone, enabling our clients to structure and undertake a whole range of bespoke programmes to train and certify their military and security personnel from around the world.

Today, we are US State Department accredited for our WPS (World Protection Services) certification programme. Our training centre is also ideally suited to US DOD SSS (Security Support Services), Missiles and Weapons, Defensive Driving, CQC (Close Quarters Combat) and HEAT (Hostile Environment Awareness Training) programmes.

REMAYA TRAINING CENTRE HIGHLIGHTS

- 4 shooting ranges
- 3 classrooms
- Paved driving track and off-road driving zone
- 5+ weapons systems available
- Dojo

OUR RANGE IS IDEALLY SUITED TO PROGRAMMES INCLUDING:

- WPS (World Protection Services)
- SSS (Security Support Services)
- HEAT (Hostile Environment Awareness Training)
- CQC (Close Quarters Combat) and self-defence training
- Mission support training
- Defensive driver training (on and off-road)

TRAINING. CERTIFYING. ACCREDITING —

RANGE STAFF CERTIFICATION

At REMAYA, our safety – and yours – is our number one priority. Today, we can train and qualify your shooting range personnel up to academic level with our own internationally-recognised programmes accredited by the UAE National Qualifications Authority.

Working in conjunction with Rabdan Academy, we also provide a Level 4 Composite Award for Shooting Ranges Safety Coordination, which prepares Emirati citizens for higher education.

O U R

D I F F E R E N C E _

Complete turnkey solutions for military-grade shooting ranges

Integrated range VR imaging with customisable range management software for designing, operating and maintaining shooting ranges

Integrated software solution across all client ranges for range booking, training data and performance records with automatic reporting which can be accessed remotely

Smart robotics to simulate soft targets

Fully customisable training centre, adaptable to meet our customers' needs

International network of certified, accredited instructors and partners
