EDGE.STE.BEX.PF4

Launched in November 2019 and headquartered in Abu Dhabi, EDGE is one of the world's leading advanced technology groups, consolidating over 20 entities into five core clusters: Platforms & Systems, Missiles & Weapons, Space & Cyber Technologies, Trading & Mission Support, and Homeland Security. With a mission of bringing innovative technologies and services to market with greater speed and efficiency, EDGE is dedicated to streamlining the management and provision of business services across its HQ departments, clusters, and entities.

Guided by the experienced leadership of its top management, EDGE maintains a steadfast commitment to excellence across various fronts:

• Customer Requirement

Placing a premium on elevating customer satisfaction across all facets of our business operations;

• Legal & Other Compliance Requirements

Adhering to all relevant legal and compliance mandates throughout the execution of our business activities, while focusing on amplifying customer satisfaction;

• Relevant Interested Parties Requirement

Identifying and adequately fulfilling the requirements of all stakeholders;

• Continual Improvement

Ensuring that the processes for the Quality Management System are improved on a continual basis by setting, assessing, and refining QMS Objectives and its relevant functions, levels, and processes.

This policy was evaluated during the management review process to ensure its continued applicability and was brought into effect on 22 October, 2023.
